

OFFICIAL NOTICE ON AGENCY FEE PAYMENT

This document serves as a formal notification to all valued clients regarding the agency fee applicable for services rendered by the firm.

Our firm has acted in the capacity of a trustee to facilitate the secure processing, management, and release of your entitled profits. This role includes due diligence, coordination, verification, compliance handling, and the successful transfer of profits to the beneficiary.

In accordance with our service agreement and standard operational policy, a trustee and agency fee of five percent (5%) of the total profit is required for the services provided. Payment of this agency fee is a mandatory requirement before the final release and disbursement of profits can be completed. This fee represents compensation for professional services rendered and administrative processes carried out on your behalf.

Clients are hereby instructed to carefully review and follow the payment instructions provided on the next page of this document. Upon successful payment, a unique reference number will be generated and issued to you.

This reference number is required for verification and confirmation of your transaction. Please note that processing and release of profits will only proceed after payment confirmation and reference number validation.

We appreciate your cooperation and continued trust in our firm. Should you require further clarification, please contact our official support channels.
